He said he could only fill one truck at time because someone had removed a valve from his second line. At 2:27 PM I received a call from Ntshuab Yaj who advised me she would join Mr. Griset in coordinating the efforts of the water trucks. I received an unconfirmed report the water truck drivers were being ordered to evacuate the subdivision along with the other residents.”</p>		
<p>¶20 “On Tuesday, June 29, 2021, I received a call at 8:50 AM from Mr. Griset who advised me that the power to the Mount Shasta Vista area was shut off around 2:00 AM which left him unable to continue pumping water to the trucks. Shortly after 9:00 AM, Mai Yang showed me a video recording of a Siskiyou County Deputy Sheriff speaking with Hmong persons. The Deputy stated that Cal Fire would not enter the subdivision unless all the Hmong evacuated. My wife Georgie Szendrey and I entered the Mount Shasta Vista Subdivision to observe the firefighting efforts to put out what is called the Lava Fire. We were driven through the area by Hmong residents of the subdivision. I observed areas within the subdivision to be burned and other areas that had not been affected by the fire. I observed Hmong residents putting out small fires with buckets of water, throwing dirt on burning trees, and dowsing spot fires with water from water trucks. I overheard cell phone communications where the Hmong were coordinating their firefighting efforts. We spoke with residents who had been up for over twenty-four hours fighting the fires. Our escorts made frequent stops to assist others in putting out spot fires. Several water trucks were involved in coordinated efforts to put out flare ups. In the two hours we were in the subdivision, I observed approximately thirty separate efforts to extinguish flare ups by the</p>	<p>Irrelevant. Hearsay. <p>¶21</p> <p>“At around 1:45 PM, I observed three Cal Fire Units at the home of Russel Mathis. It should be noted I know Mr. Mathis to be Anglo/Asian in ancestry. His appearance is Caucasian. I called Mr. Mathis and he informed me he had evacuated the night before, but returned in the morning and was allowed to return to his home with Cal Fire. For the next hour we traveled through many areas within the subdivision observing the efforts by the Hmong to put out the fire. At 2:50 PM I observed two Cal Fire engines with crews engaged in what appeared to be addressing an area that was still smoldering. At 2:55 PM, I observed five or six Cal Fire units staged on Mt. Shasta Vista Road. They were not engaged in any active firefighting effort. My wife Georgie Szendrey took photographs in my presence (see Exhibit F). I later spoke with local resident Darren Duck who lives on County Road A12 near the entrance to the Mount Shasta Vista subdivision. He advised me that on June 28, 2021, Cal Fire trucks were lined up on County Road A12 but were not entering the subdivision. However, he did observe Cal Fire units entering the subdivision on this day. I was informed Hmong water truck drivers had been prevented from coming into the area by deputies stationed at County Road A12 and Big Springs Road. At approximately 4:00 PM, I contacted a Siskiyou County Deputy Sheriff who was stationed at that location. He advised me that unless the truck drivers had a permit from Cal Fire they would not be let in. He advised me that the drivers would</p>	<p>Irrelevant.</p> <p>Hearsay. He stated he was willing to fill the Cal Fire trucks and was wanting to get that message to them. 	but he's our brother. I don't even know		
	his name and I don't even know his		
	face. But that murder was the		
	culmination of the escalation of		
	tensions between our small Asian		
	community and the wider		
	predominantly white community.		
	These tensions have been actively		
	stoked, encouraged and maybe even		
	unofficially directed by the local		
	government. We have seen threats of		
	mass arson, domestic terrorism from		
	locals like there are on Siskiyou		
	County Sheriff's Office, Facebook		
	page. They've been using vigilante		
	volunteers, many of them I suspect are		
	white supremacists. Anti-Asian groups		
	from Washington and Oregon to come		
	in, come to our private roads and		
	destroy our private property,		

1 unconstitutional acts. And this all
2 started from LaRue being appointed
3 and saying, look, go after the water.
4 Now, I don't know about you, but a
5 specially appointed Sheriff in a
6 position of such power by a Board of
7 supervisors, five or six people who
8 says go after the water. That sounds
9 like a tyrannical, despotic future to
10 me. It's a government overreach. And
11 I honestly believe it's an
12 unconstitutional attack on human
13 rights. And they initiated all of this
14 because of that. So the tension started
15 when that happened. And then we had
16 a protest a few months ago. When we
17 went marching, I actually said in my
18 speech. I said they're going to go after
19 the water. They're going to burn us out
20 because they've been threatening to
21 burn us out. And then one of the
22 police officers are going to shoot us
23 dead because of the tensions are so
24 high. And that's exactly what
25 happened. And that happened at the
26 same time. And they're lying about it.
27 They're lying about it because they
28 know that they control the media here,
the local media. They control the
newspapers, and they know that our
people we're so small, even among the
Asian minorities. And we have no
money. We have no political clout.
We have no media contacts. So the
only thing I can do as a young leader
for my people is to go on a hunger
strike, the most extreme form of
nonviolent protest, to get our voice
across, to get our side of the story and
to give us a platform. And I want to
show the people who have been
propagandized, who've been lied to,
that I am somebody that they didn't
take seriously and I am somebody
who is willing to die to tell the truth.
Compare that to somebody like a
specially appointed unelected official,
like La Rue and the Board of
Supervisors of Siskiyou County who
have had an iron grip on this county
for centuries. That's why I'm doing it.
That's why I'm on hunger strike. And I
told these people I'm prepared to die in
front of the American courthouse just
to prove the point that this is not

1	justice.”

8	‘So like I said, the Board of		
9	Supervisors and Sheriff LaRue, they		
10	come together and conspiracy to deny		
11	us the right to transportation of water		
12	because they know we don't have		
13	wells out there. They legally attacked		
14	the local ranches. Well, a well that we		
15	used as a community a communal		
16	well. They've their water, their water		
17	ban. The ordinance specifically targets		
18	the road surrounding our community.		
19	So I'm not, that's not hyperbole, When		
20	I say that they stopped water from our		
21	area, they literally named the streets,		
22	the streets surrounding our subdivision		
23	as the streets that you can't get water		
24	delivery and you can't have water over		
25	ninety nine gallons or one hundred		
26	gallons. Six, seven showers worth of		
27	water. And if you do, you're going to		
28	get hunted down by the Sheriffs, the		
	Sheriff's Office, like an animal. And		
	when the water ban went into effect, if		
	you go on to the sheriff page, they		
	were galvanizing locals to become		
	vigilantes and to assail any Asian		
	person who might have water. They		
	closed off all the public areas where		
	you can get water like the springs in		
	Shasta City. They wait there and they		
	took the Asian people. I've seen police		
	squad cars at our local Hmong store		
	waiting to ticket us if we have		
	anything more than ninety-nine		
	gallons of water. So this buildup of		
	tension, this unconstitutional,		
	discriminatory act of government		
	against our people already raise the		
	stakes and raise the tensions. Not only		
	that, they've galvanized the		
	community who already hates us, who		
	have dehumanized us to take action		
	and to say, hey, we can do this and		
	we'll get off scot free because the		
	Sheriff's county, the Sheriff's Office		
	isn't going to do anything about it.		
	They're going to turn a blind eye. And		

1	like I said, maybe they're the ones		
2	actively encouraging this. So we've		
3	had threats of arson. They took away		
4	our water and they've had locals who		
5	aren't even officially police or		
6	anything like that come into our area.		
7	I've had one of my friends, colleagues,		
8	he actually went to a Patriot meeting		
9	and they admitted that they went to		
10	our private properties and our private		
11	roads and the local D.A. congratulated		
12	them for their courage. So we've been		
13	assailed by the local community, not		
14	the whole community, the community		
15	who would be against us even if		
16	tomatoes are being grown in there.		
17	They believe that they have the full		
18	support of the tyrannical, despotic		
19	local government, Board of		
20	Supervisors and Sheriff LaRue. So		
21	they've been empowered to victimize		
22	us with violence. So when the fire		
23	came and we saw that the emergency		
24	services, Cal Fire, Siskiyou sheriff,		
25	weren't going to protect our property,		
26	we knew they weren't going to protect		
27	us. We've been predicting that they		
28	were going to try to burn us out the		
	way they burned down Chinatown one		
	hundred years ago. We went back and		
	we fought the fire to protect our own		
	community, protect our own people.		
	And as a result, they killed one of our		
	people. And this, like I said, is a		
	culmination of all the escalation		
	perpetuated by the local government,		
	the local tyrannical, almost dictator		
	shit like Board of Supervisors and		
	sheriff's office. And I want people to		
	know that this is what happened.		
	LaRue and the Board of Supervisors,		
	like I want to reiterate, they think that		
	they have a monopoly on the media
